

## COMPLIANCE CHECKLIST

**HOSPITAL REVIEWED:** UnityPoint Health Meriter,  
<https://www.unitypoint.org/madison/default.aspx>

CRITERION	YES/NO	NOTES
Comprehensive machine-readable file	YES	As excel file, in pdf format <a href="https://www.unitypoint.org/madison/fileimages/Patients/2020/Madison.pdf">https://www.unitypoint.org/madison/fileimages/Patients/2020/Madison.pdf</a> and online searchable database
Consumer-friendly display of standard charges for at least 300 'shoppable' services grouped with charges for ancillary services that are customarily provided by the hospital (see Alternative Checklist)	YES  NO	<a href="https://www.unitypoint.org/madison/patient-charges-and-costs.aspx">https://www.unitypoint.org/madison/patient-charges-and-costs.aspx</a> links to estimator page  Shoppable services search appears to show none of six mandated shoppable behavioral services are provided at this location, or the price is not able to be provided without calling.  Financial estimator page <a href="https://www.unitypoint.org/madison/online-estimate.aspx">https://www.unitypoint.org/madison/online-estimate.aspx</a> requires extensive patient information and is in English only
Notification if financial aid, payment plans, and assistance in enrolling for Medicaid or a state program are available	YES	At readily identifiable page <a href="https://www.unitypoint.org/madison/financial-assistance.aspx">https://www.unitypoint.org/madison/financial-assistance.aspx</a> , includes plain language summaries, financial assistance policy, financial assistance application, and billing collections policy in six languages plus English
Quality of care indicators if available	NO	Not at main finances page, required site search with term "quality measures" which produced five posts about awards received by hospital
Displaying information in languages other than English to meet the needs of the communities and populations the hospital serves	NO	Not on main finances page or at page for consumer shoppable services search
Clear communication about location at which the shoppable service is	NO	Only one hospital location searched, shoppable search does not clearly

provided if hospital has more than one location, and whether estimate is for an inpatient or outpatient service		indicated in- or outpatient pricing

## Behavioral Health Charges

UnityPoint Health Meriter		
	Shoppable Services Search	Machine Readable File
90832	"We couldn't create an estimate with the information you provided. Please call us at [number] for further assistance."	\$243.98
90834	"We couldn't create an estimate with the information you provided. Please call us at [number] for further assistance."	\$322.86
90837	"We couldn't create an estimate with the information you provided. Please call us at [number] for further assistance."	\$478.16
90846	"We didn't find any services matching your search."	\$350.08
90847	NA <sup>4</sup>	\$350.08
90853	<p style="text-align: center;">NA</p> "Due to system limitations, results for this service may be overstated due to quantities of service that are generally provided. Please call the priceline for the most accurate estimate."	\$344.77 <sup>5</sup>
90791 <sup>6</sup>	"We couldn't create an estimate with the information you provided. Please call us at [number] for further assistance."	\$636.37

<sup>4</sup> NA indicates shoppable service search appears to show this service is not available at this location.

<sup>5</sup> Uncertain if this corresponds to procedure code 90853, codes are not provided in the machine readable file.

<sup>6</sup> This is not one of the mandated reportable shoppable search behavioral health services, but is provided as this is a very common service (initial evaluation prior to beginning treatment).
